

CELEBRATE-A-LIFE FUND

The Celebrate-a-Life Fund has been established to be funded by donations honoring a friend or family member who has passed away, anniversaries, birthdays, grandchildren — a special life event or person the donor wishes to honor. The collected monies will be retained in this separate fund; and as they are accumulated, will be used for plantings to enhance the gardens at Lookout Point and the Gazebo. Donors should make out their checks to “Spyglass Landing” designating the “Celebrate-a-Life Fund”. A list of donors and honorees will be distributed each year at the Annual Meeting. It is the hope that all the residents of Spyclass Landing can enjoy the celebration of life in the gardens that our combined efforts will help to create.

When making your donation, as instructed in the following form, please send your check to Continuing Care Management and send or give the form itself to the current Landscape Committee Chairman, Eileen White.

Please cut along dotted line.
